

Mary Ellen C. Bruce, P.E.

Ms. Bruce received her B.S. in Civil Engineering from the University of Maryland and her M.S. in Geotechnical Engineering from Cornell University. She worked for 8 years as a geotechnical engineering consultant with Woodward-Clyde Consultants in Baton Rouge, LA and Paul C. Rizzo Associates and Gannett Fleming, Inc. in Pittsburgh, PA before founding geotechnica, s.a., Inc., a consultancy offering technical and project management consulting services in the civil and geotechnical engineering field. Her experience includes field, project engineering, and management of a variety of geotechnical, transportation, and environmental monitoring and regulatory projects. She is a Professional Engineer and a member of ASCE, ADSC, and the International Workshop on Micropiles. She has co-authored 15 technical papers on micropiles, deep mixing, and ground anchors.
